Tyler SIS Student 360 Navigation for Parents

Tyler SIS v10

To begin using the Parent Portal, follow these steps:

- 1.) Go to the Tyler SIS Student 360 web page at https://portal.northallegheny.org/TSI_LIVE_360/login
- 2.) Or go to www.northallegheny.org and click on the icon in the upper right hand corner of the main screen.

- 3.) Log in with your username and password.

The screenshot shows the login interface for North Allegheny School District. At the top, there is a blue header with "Tyler SIS" and "v10.13 SP1". Below this is a white box containing the login form. The form has two input fields: "User Name" and "Password". Below the fields are three links: "360 Login" (with a graduation cap icon), "Register New Family" (with a plus icon), and "Forgot your login information?" (with a checkmark icon). At the bottom of the page, there is a footer with version information: "360 Version v2020.1.0.8", "© 2019 Tyler Technologies, Inc.", and "All rights reserved."

If you have problems or questions about accessing the site, please contact the school where your child is enrolled.

NOTE:

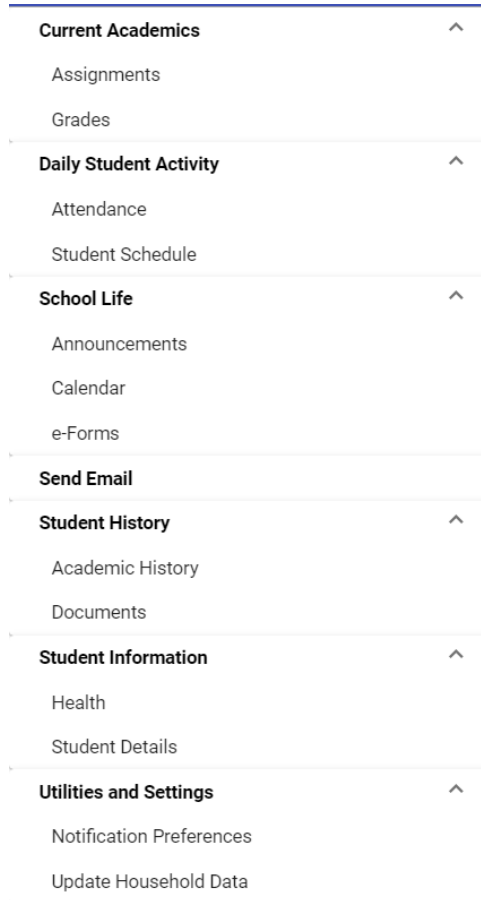

- If your email address changes, you can submit the changes yourself using the Update Household Data screen, explained below.
- If you forget your password, click the Forgot Password link, enter your email address, and instructions for resetting your password will be emailed to you.
- Tyler SIS Student 360 supports the following web browsers, using the latest versions:
 - PC with Internet Explorer, Edge, Firefox, or Chrome
 - Mac with Safari, Firefox, or Chrome

- iPad with Safari
- Android tablet with Chrome

Once inside Tyler SIS Student 360, you will have access to several different areas of information for each child you have enrolled in the district. Each of these areas is explained below.

Navigating

Tyler SIS Student 360 is designed to be touch-friendly for tablets and computers with touch screens, but it also works well with keyboard-and-mouse input. Throughout this document, wherever the word “click” is used, tablet and touch-enabled computer users can tap instead.

The Navigation Bar sits at the left hand side of the screen and allows you to navigate quickly.

At the bottom of each screen is the Tool Bar, which changes based on which data area is being viewed. The rest of the screen displays student data.

Throughout Tyler SIS Student 360, student data is arranged into Data Grids, with one row per record (for example, one row per course on the Course Schedule screen) and multiple columns. When viewing a Data Grid, you can sort the data by clicking on a column heading.

The first column on many Data Grid screens is labeled “More” with a (DOWN ARROW) icon for each row. The DOWN ARROW icon indicates more data is available. Clicking a DOWN ARROW icon will expand the row, and the icon will change to a (UP ARROW). Click the UP ARROW icon to collapse that row and hide the extra details.

Screens that have More columns also have Expand All and Collapse All buttons on the Tool Bar. Clicking those buttons will expand and collapse all of the rows on the screen.

The Academic History screen displays all of the student’s past high school grades. All of the columns on this screen are sortable. Click a column heading and the grid will sort the records by that selection. Each row shows information about a course.

- **Academic Year** – the year the student took the course
- **School** – displays Transferred-In for courses taken at another school, or Enrolled for courses taken at the enrolled school.
- **Grade Level** – what grade level the student was enrolled in when they took the course
- **Attempted Credits** – how many credits the course was worth for each semester
- **Earned Credits** – how many credits the student earned
- **Grade columns (displayed as S1, S2, and Final in the screenshot above)** – the semester for each grade and the grade earned

The UP ARROW icon in the More column can display extra information about the course, including the course number and teacher, whether the course counts in the GPA, and, if applicable, the source school for transferred-in grades.

The first tab on the Assignments screen shows all student assignments and scores for a particular course and term. The second tab shows all upcoming and missing assignments for all classes. Each class displays a link to the Class Profile, Teacher Profile, and Course Description where applicable.

By Course Name

On the Course Name Dropdown, choose a Course and grading Period. Details about all of the assignments for that course and term appear.

The following displays for each assignment:

- **Due** – date assignment is to be turned in
- **Assigned** – date assignment given to students
- **Assignment** – the assignment’s abbreviated name
- **Category** – the type of assignment
- **Points Possible** and **Points Earned** – the number of points the assignment is worth, and how many points the student earned
- **Percentage** – the percentage of points possible that the student earned
- **Effective Score** – how the assignment is calculated into the student’s term grade (this varies by teacher)
- **Grade** – the letter grade associated with the effective score’s percentage (based on the school’s grading scale, or the specific course’s grading scale if applicable)

Sort the grid by clicking any of the column headings. Click the + icon to expand an assignment to see additional details for that assignment.

The columns that deal with student scores on the By Course tab are not shown on the Upcoming/Missing tab because the student does not have a score for these assignments yet.

The color-coding indicates when assignments are due.

- **Green** – the assignment is due tomorrow
- **Orange** – the assignment is due today
- **Blue** – the assignment due date has passed, but no mark or score has been entered
- **Red** – the assignment has been marked missing by the teacher

The Color Legend button on the Tool Bar displays these colors and their meaning.

Calendar

By default, the Calendar displays events in Day view, but you can change the display mode to Week and Month using the icons to the right of the date. The selected view's icon will be highlighted in yellow.

The Calendar displays the student's course schedule along with assignments, absences, and discipline records. Clicking any of the cells will take you to the appropriate screen to see more detail on that item.

In Week view, all of the events on the calendar display in tiles. Clicking a column heading will take you to the Day view for that date. Clicking a tile will take you to the associated screen. For example, clicking an assignment tile will take you to that assignment on the Assignments screen. Clicking an absence will show you that absence on the Attendance screen.

Month view displays the entire month with today highlighted in gray. Icons on each day indicate if entries exist for that date: the checkbox icon indicates an absence, the textbook icon indicates an assignment is due, and the gavel icon indicates a discipline event. Clicking a day will take you to the Day view for that date.

Student grades display on the Grades screen. This screen combines gradebook grades with posted end-of-term grades to give a complete overview of the student's grades. The Grades screen has two views: Traditional, where regular letter grades display, and Standard-Based, which shows student marks for curriculum standards. Click the title of each to switch between them.

Traditional

The Traditional view shows each course where the student has a grade and a column for each term. Progress grading periods can be turned on and off by using the Show Progress Grades checkbox at the bottom of the screen. Students who are enrolled in multiple schools, like both a high school and a career education center, will have one grid for each school and show the grades from that school separately.

Grades that are underlined are links to see gradebook assignment details for that class and term. If the grade shows with a green background, that grade is an in-progress grade that has been calculated from the gradebook, rather than a finalized grade that appears on a report card. Use the + icon in the More column to see additional detail for that course, including a link to Attendance and to email the teacher.

The Health screen shows information about student immunizations, medications, and insurance. This screen also provides information about student health visits in the Health Visit Log view.

All immunizations the student received display on the Immunizations tab. The Doses received column shows what dates the student received those immunizations. If the student was exempt for an immunization, that reason will display in the Exemption Code column.

Any medications the student can receive show on the Medications view. Click the + icon in the More column to see pharmacy and doctor information, if applicable.

If the student has visited the school nurse for any reason and it was logged into Tyler SIS Student 360, those visits display on the Health Visit Log. The records display in reverse-chronological order by default. Click the Date column to reverse the order. The times the student checked in and out, the visit reason code, and action display for each record on the grid.

Student medical insurance records that have been filed with the school display on the grid. The policy number and dates that the insurance start and end appear with each record.

Use the Notification Preferences screen to see what types of notifications the school offers and if you have indicated you wish to receive those notifications. For each notification, select whether you'd like to receive Daily or Weekly messages. The Grades area allows you to choose threshold percentages, so that notifications are only sent if the student receives a mark lower than the indicated percentage.
