- My fellow Americans, I have recently been told that I am one of the millions of Americans who will be afflicted with Alzheimer's disease.
- Unfortunately, as Alzheimer's disease progresses, the family often bears a heavy burden. I only wish there was some way I could spare Nancy from this painful experience.
- In closing, let me thank you, the American people, for giving me the great honor of allowing me to serve as your president. When the Lord calls me home, whenever that day may be, I will leave with the greatest love for this country of ours and eternal optimism for its future.
- I now begin the journey that will lead me into the sunset of my life. I know that for America there will always be a bright dawn ahead.
