

Fall 2016  
AP Calc AB and BC

---

AB

Tuesday, September 6 – Answers to SAT pages up to I1. Go over previous questions

Wednesday, September 7 – Answers to SAT up to L

Thursday, September 8 – Answers to the remaining problems in packet

Friday, September 9 – Review – go over any questions that you have in entire packet.

Monday, September 12 – Evaluation on the material in the SAT packet – 50 points. Questions similar to packet questions

Tuesday, September 13 – Questions from Preemptive Strike 1 (PS 1). Note: If you are having problems on this packet, I will answer SIMILAR questions but not the exact questions that are in the packet.

Wednesday, September 14 – PS 1 due. In class we will go over misc material from pre-calc

Thursday, September 15 – We will take a day to examine the TI89

---

BC

Tuesday, September 6 – Answers to SAT pages up to I1. Go over previous questions

Wednesday, September 7 – Answers to SAT up to L

Thursday, September 8 – Answers to the remaining problems in packet. BC kids with a double-period on this day will have a day to examine the TI89

Friday, September 9 – Review – go over any questions that you have in entire packet. The opposite double-period students will have a day to examine the TI 89.

Monday, September 12 – Evaluation on the material in the SAT packet – 50 points. Questions similar to packet questions. BC students with a double period will have a chance to ask questions from Preemptive Strike 1 (PS 1)  
Note: If you are having problems on this packet, I will answer SIMILAR questions but not the exact questions that are in the packet.

Tuesday, September 13 – Opposing students will ask questions from PS 1. Double period students will start misc material from pre-calc

Wednesday, September 14 – PS 1 due. In class - Misc material from pre-calc
