Say each word using your good "AR" sound. Remember that "Ar" has two parts – the vowel "Ahh" and the consonant "Rrr." Each time you say the word correctly, give yourself a plus "+" or a checkmark in the box, don't move onto the next word until the first word is said correctly 25 times.

Once you say each word 25 times correctly and the entire table is filled, say each word in sentences or make a large story using each word one time. A space for a picture is provided below to help you visualize your story.
