

School is Closed

On weekdays, I go to school.

Sometimes, school might need to be closed. School might be closed if there is an emergency and it is safer to be at home.

When school is closed, the buses do not pick kids up and drive us to school.

On a day school is closed, I stay at home. I do not go to school.

My routine is to go to school every weekday. On a day school is closed my schedule is different. I might feel nervous or sad because my schedule is different. That is ok!

I can do different things on a day school is closed. I can help make breakfast or lunch. I can read books or look through my folder. I can take a walk or play outside!

When school opens, I will go back to my schedule. I will be with my teachers and friends again!
