Inferencing

Inferencing is the same as predicting or guessing what happens next

Event	What I think will happen	Clues from story or real life	What actually happened
(E.g. Going to the movies)	(E.g. We'll see a new movie and get popcorn)	(E.g. We usually see a movie everyone agrees on and we usually get snacks)	(E.g. Mom and Dad forgot to bring money and we had to go home!!)
