I. Welcome, Introductions, and Basics of Using Microsoft Teams

Dr. Scherrer welcomed everyone to the first Microsoft Teams virtual SPLC meeting. He explained general instructions regarding Microsoft Teams and began the meeting.

II. Responding to Current School Closure

Continuity of Education

Dr. Scherrer explained the process that the Administration followed starting on March 13, 2020, when the school closures due to COVID-19 began. Emails were sent out daily to families to keep everyone up-to-date with how the District would proceed with the shutdown. The focus was on maintaining a continuity of education for students. The District began by putting review and enrichment resources together for students and then moved to a remote learning environment.

With the District implementing FOCUS 2020, North Allegheny was in a much better position to start remote learning than some other districts.
